

[AI-03] Individual AI Disclosure

Lee Kun Da - 23127035

Course: CSC13003 - Software Testing

Class / Group: 23KTPM4 / Group 03

Topic: T01 - GUI & Usability Testing

I disclose the following AI-assisted work recorded for my contribution:

Tool	Date / platform	Purpose	Content affected	My required validation
Gemini	2026-07-04 / Gemini	Summarize a research session supporting the usability-tool survey	Usability portion of <code>Tool_Survey_Proposal.md</code>	Cross-check tool claims and edit the final survey
Claude	2026-07-04 / Claude through Antigravity	Summarize the working session	Research notes and AI-use evidence	Confirm that the summary matches the actual work
Codex (GPT-5)	2026-07-23 / OpenAI Codex	Consolidate the final submission package	Sections attributed to me in slides/report; AI Audit pack and formatting	Read, correct, approve ownership, and validate setup/reference content

Evidence for the 2026-07-04 sessions is included in `submission/assets/ai-evidence/lee_*`. The final-assembly session is disclosed in `AI_Usage_Log_Submission.md`.

I confirm that summaries produced by AI do not replace source verification. I remain responsible for understanding the Maze workflow, checking references and environment details, and explaining all submitted content attributed to me.
